

# 2026 Scholarship Program

Dear Sisters and Brothers,

We are proud to announce that the AFSCME New Jersey Council 63 Scholarship Committee will once again be offering scholarships to AFSCME New Jersey Council 63 members and their eligible family members for the 2026 academic year.

These scholarships are available to members and families pursuing higher education at every level, including Master's, Bachelor's, and Associate degree programs, as well as accredited trade and vocational schools. This program reflects our shared belief that education is a powerful tool for opportunity, advancement, and strengthening our union families for generations to come.

To continue and expand this important program, we are respectfully asking for donations and contributions to the AFSCME NJ Council 63 Scholarship Fund. Every dollar contributed goes directly toward scholarships. 100% of the funds raised are awarded to eligible AFSCME members and their families.

Your support helps open doors, ease financial burdens, and demonstrate our union's commitment to investing in our members, their families, and their futures. Together, we can ensure that the values of solidarity, opportunity, and mutual support remain at the heart of AFSCME.

Thank you for your continued solidarity and generosity.

In Solidarity,

AFSCME New Jersey Council 63

Scholarship Committee
