

## 2026 Scholarship Program

Dear Valued Partners and Associates,

AFSCME New Jersey Council 63 is pleased to announce that our Scholarship Committee will once again be offering scholarships for the 2026 academic year to AFSCME members and their eligible family members.

These scholarships support students pursuing higher education and career training, including Master's, Bachelor's, and Associate degree programs, as well as accredited trade and vocational schools. Through this program, we seek to invest in education, workforce development, and the long-term success of working families across New Jersey.

We are reaching out to our valued partners and associates to request your support of the AFSCME NJ Council 63 Scholarship Fund. Contributions to this fund play a direct and meaningful role in expanding educational opportunities for union members and their families. Importantly, **100% of all funds received are awarded directly as scholarships.**

Your generosity not only helps ease the financial burden of education, but also reinforces our shared commitment to strengthening communities, building opportunity, and supporting the next generation of leaders and skilled professionals.

We appreciate your continued partnership and consideration. Should you wish to contribute or learn more about the scholarship program, we would be happy to provide additional information.

Thank you for standing with AFSCME and the working families we represent.

Sincerely,  
AFSCME New Jersey Council 63  
Scholarship Committee
